Worst DLC the game has to offer, wouldn't buy it unless it comes in some sort of sale package for excessively cheap. -10/10.
Very short and not that fun tbh. I wouldn't bother with this DLC..V\u00b4\u00afV).....(\\u00af\\

find the story funny if not a bit short. It's a solid hour of fun and interesting story.

Get while on sale.
